Asset Manager

Zumbrota · Faribault · Rochester · Remote

The Asset Manager is responsible for overseeing the portfolio of real estate owned by Three Rivers, which is primarily rental housing properties. The position works closely with professional property management firms who are responsible for the daily operations of the housing portfolio. The Asset Manager's primary duties include setting performance goals and monitoring performance of property management firms, overseeing project budgets, planning and implementing capital improvement plans for physical needs of the properties, and reporting to funding partners and agency leadership. Ideal candidate will have knowledge of real estate or property management, have a strong attention to detail, and possess solid financial skills (budgeting, accounting, or similar). Training provided to candidates with strong potential. Some travel (SE Minnesota) is required.

Full-time position with an excellent benefit package including generous Paid Time Off (PTO)
